January 28th, 2010

Happy New Year to all and my prayer is that you experience lots of love, peace and hope in 2010

## **What are the characteristics of a Group Reunion ?**

Ideally, the Group Reunion should not be mixed, men should meet with men and women with women. The number should be limited and the meeting times should be fixed.

Because it is a reunion of friends, commitment to one's group should be a reality. What's shared in the group must stay in the group. Honesty is necessary for a successful group and all must be free to share on a level that is appropriate to them. When a new member is admitted to the group, it will probably be necessary to begin again, to start over.

## **How does a Group Reunion develop ?**

Trust and friendship are at the heart of the Group Reunion. These cannot be grown quickly. They need time to become rooted deeply before they begin bringing forth what is at the deepest level.

Initially, the sharing may be superficial. With time, people will begin to share themselves at a deeper level. Time, an intimate space, limited numbers: all are necessary for the development of an authentic Group Reunion.

## **Reminders:**

- Please remember to take to Ultreya your good reading material that you are no longer using. It will be placed on the Study Table on the weekends free of charge for the candidates.
- Remember to wear your cross and name tag to Ultreya.
- If your Group Reunion would like to host an upcoming Ultreya, please contact Allen or Anita O'Donnell at 567-2866.
- Please take a moment to sign the registration sheets. They are very helpful when selecting Teams; Eucharistic Ministers; Lectors; Music etc.

- Applications for Cursillo and Challenge, along with information on Sponsorship, are available on the back table.

Please note: I would appreciate if you could provide me with names of new and old Cursillistas that would like to work a weekend. I will make sure these names will be shared with our future Rectors.

Thanks, Claudia Aucoin
